Suit Seeks
\$120,000
In Damages

A suit for \$120,000 in damages has been filed in the Putnam Circuit Court by Vester VanZant against Betty L. Cline.

The litigation is the result of a traffic accident three miles south of Mt. Meridian, on Jim Street Road, on the afternoon of December 21, 1961.

In his suit, VanZant asserts carelessness and negligence on the part of the defendant in operating her automobile, charging her with utter disregard for the safety and welfare of others.

The plaintiff sets out that due to the accident he suffered permanent internal and external injuries. He also cites medical expenses and loss of earnings as a truck driver.

Lyon & Boyd are attorneys for Van Zant.

Teenager Held
In Bank Holdup

ANDERSON UPI—An unemployed Muncie youth, who told police he held up a branch bank here for \$2,985 "because I needed to make a car payment," faced federal bank robbery charges today.

Paul D. Claspell, 19, a former honor student and varsity basketball player at Royerton High School, admitted taking the cash Tuesday at gunpoint from Joseph E. Elliott, manager of the Citizens Banking Co. Eastside branch.

Claspell was captured about an hour after the robbery when Indiana State Police Trooper Jack Appleby spotted a car trying to evade a roadblock near Muncie.

Authorities found most of the cash, a loaded pistol, and an empty cloth sack under the front seat of Claspell's car. He was charged in a federal warrant and held under \$25,000 bond.

Area Covered
By More Snow

Greencastle and Putnam County residents arose to another two to three-inch blanket of snow Wednesday morning.

The snow started falling before noon Tuesday and continued lightly during the afternoon and evening to produce a white covering on city and rural streets and highways.

The Daily Banner thermometer registered a minimum of 4 degrees above zero at 8 a.m. following four straight mornings of sub-zero readings.

Another cold night is forecast for the state with a low of probably five below zero Thursday morning.

Truck Accident

A tank truck accident shortly before midnight Tuesday was reported by the Indiana State Police Post at Putnamville early Wednesday morning.

Police said the truck got off the U.S. 40, highway, just west of Stilesville, in Hendricks County.

No injuries were reported.

Three More Die
In State Traffic

A car-train collision in southern Indiana and a three-car accident on a snow-covered northern Indiana road Tuesday night killed three persons and raised Indiana's 1963 highway toll to at least 1,266.

The toll on the same date last year was 1,163.

Garden Boyd, Bicknell, an Edwardsport school teacher celebrating his 47th birthday, was killed along with his daughter, Carol Jean, 17, when a Baltimore & Ohio Railroad freight train struck their car at a crossing at Washington.

William Shearer, 71, Valparaiso, was killed when his car, traveling on the wrong side of Indiana 49 near Valparaiso, struck one car which had pulled off the road to avoid him and then collided head-on with another.

British Leaders,
Rusk Confer

PARIS UPI—Secretary of State Dean Rusk set out today for talks with British leaders at the end of a North Atlantic Treaty Organization conference that would up a day early because it skirted the major issues dividing the alliance.

Rusk scheduled an afternoon flight to London, where he planned meetings with Prime Minister Sir Alec Douglas-Home and Foreign Secretary R. A. Butler.

Defense Secretary Robert S. McNamara was leaving earlier for Saigon, South Viet Nam, for a quick inspection trip of the U.S.-aided war against the Communist guerrillas.

Second Bullet Fatal

WASHINGTON UPI—The autopsy performed on President Kennedy was reported today to show that he was killed by the second bullet that struck him, but could have survived the first wound.

News Story

NEW YORK UPI—The assassination of President Kennedy—one of the top stories of the century—completely dominated a news year that ranked highest in drama and import of any year since World War II.

That was the consensus of editors who selected the "ten biggest news stories of 1963" compiled by United Press International.

The integration story in the U. S. A. as the overwhelming choice for second place on the list, announced Wednesday night. The annual poll of editors represents hundreds of UPI subscribers in the United States and Canada.

The Pope John XXIII—Pope Paul VI story and the Gordon Cooper space flight contested closely for third place. The papal death-and-succession took third, Cooper fourth.

Here is the 1963 list:

1. Kennedy assassination.
2. Integration, U. S. A.
3. John XXIII dies, Paul VI succeeds.
4. Cooper space flight.
5. U. S. A.-British-Russian nuclear ban.
6. Assassination of Premier Diem and brother in Viet Nam.
7. Atomic submarine Thresher lost.
8. Profumo sex scandal in Britain.
9. Supreme Court rules against reciting Lord's Prayer in schools.
10. Fischer Quintuplets.

Baker's Money
Poses Question

WASHINGTON UPI—The Senate Rules Committee set out today to find the answer to the \$32,000 question: Where did former Senate official Bobby Baker get all that cash—mostly in \$100.00 bills?

"I think that is the big point raised," said Sen. Carl T. Curtis, R-Neb., of Tuesday's initial public hearing into Baker's outside interests. Curtis, a committee member, said the question would be pursued in future hearings and asked of Baker himself when the former secretary of Senate Democrats is called to testify.

Gertrude C. Novak, blonde widow of a Baker business partner, testified at the televised public kick-off of the inquiry that Baker gave her \$31,000 or \$32,000, and perhaps more, to be deposited in accounts of the Carousal Motel, in which the Bakers and Novaks were partners.

"I think that is the big point raised," said Sen. Carl T. Curtis, of Tuesday's initial public hearing into Baker's outside interests. Curtis, a committee member, said the question would be pursued in future hearings and asked of Baker himself when the former secretary of Senate Democrats is called to testify.

Greencastle's undefeated Tiger Cubs will be seeking Victory No. 6 when they tangle with the Spencer Cops at Spencer Friday night. The contest promises to be a bang-up affair.

The Cubs have won five straight games. The Spencer boys have played seven tilts and have won their last five engagements.

Greencastle is one of only a dozen major teams in the state that can boast an unblemished record to date in the current hardwood court campaign. Host Spencer chalked up its fifth consecutive win last Friday night by taking the measure of Honey Creek.

The Tiger Cub victory skein is: GHS 64, Attica 60; GHS 78, West Vigo 53; GHS 75, Brazil 55; GHS 79, Martinsville 68; GHS 75, Clinton 46.

So far, the Cubs have piled up a total of 371 points to 282 by their opponents.

In Hawkins and Dreher, Coach Tom Smith has two high-scoring Spencer players, Griffith, Livingston and May can also be counted on for their share of points.

Cub Coach Dave McCracken will be without the services of 6-6 Dave Walbring in both the Spencer tilt Friday and the home game with Plainfield Saturday evening.

The big boy threw a knee cap out of place in practice Monday and will definitely be sidelined for a week or more. His height will be missed, especially under the opposition's basket.

However, McCracken will have 6-4 Ron Blotch at the pivot spot. He will most likely start. Dave York, Ron Chadd, Phil Cooper and a Gerald or Ron York along with Blotch against Spencer.

Interest in McCracken and Tiger Cubs has been building up every game and a large delegation of Greencastle rooters will travel to the Spencer gym regardless of the weather Friday.

U. S. Jet Averts Air Collision

PARIS UPI — A U.S. Air force Boeing jetliner carrying Defense Secretary Robert S. McNamara narrowly avoided crashing into a civilian jetliner at Orly Airfield today, port authorities announced.

The pilot of the U.S. Air Force plane reversed engines and applied brakes to avert a head-on collision with a Trans-World Airlines TWA plane.

One of the tires of the Defense Secretary's plane burst.

There were no injuries. The accident delayed McNamara's departure for South Vietnam for several hours.

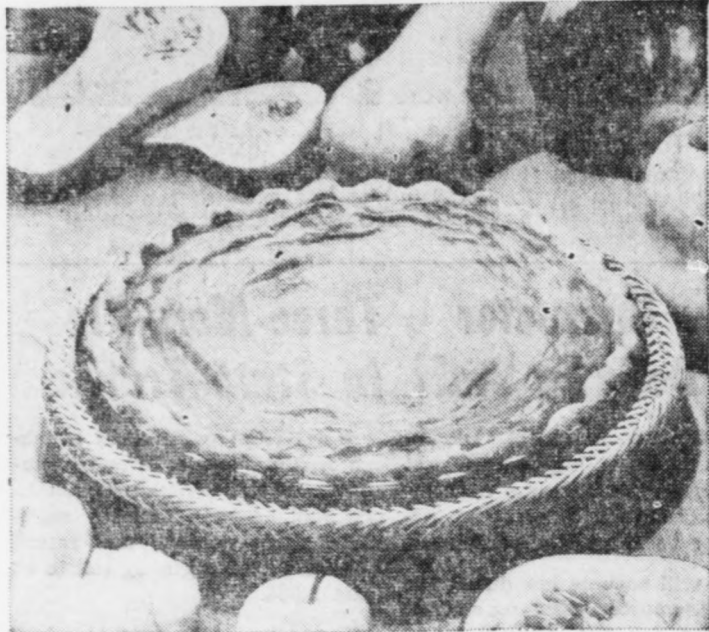

Approval Expected

WASHINGTON UPI — Prompt Senate approval is expected for a House-passed bill to authorize a 50-cent piece bearing a likeness of John F. Kennedy.

The measure, approved Tuesday by the House on a 352-6 roll call vote over some Republican protests of hasty action, appeared likely to clear the Senate this week before Congress adjourns.

Another bill to honor Kennedy was before the House Rules Committee today for clearance to the floor. It would help build a national cultural center in Washington to be named the "John Fitzgerald Kennedy Center for Performing Arts."

NEW WAY TO COOK SQUASH

By Jane Ashley

Consider winter squash—the acorn, butternut and pumpkin. While they can all be used for pumpkin pie, the butternut and acorn squash are most frequently served as vegetables. The easiest and most flavorful way to bake winter squash is given here along with a basic recipe for pumpkin pie.

Savory Glazed Winter Squash

Wash squash. Cut through center, crosswise and scoop out seeds and fiber. Pour about 1½ inches of hot water in a frying pan or kettle, add squash, cover and steam for 20 minutes or until just tender. Remove squash from kettle, invert to drain. Arrange halves in shallow baking dish. Dot each half with margarine and pour on about 1 tablespoon Karo dark syrup. Sprinkle with salt, pepper and nutmeg. Bake at 350 degrees 15 minutes or until glazed, basting often.

½ teaspoon salt
½ teaspoon ginger
½ teaspoon clove
3 eggs
1½ cups undiluted evaporated milk
1½ cups canned pumpkin
½ cup Karo dark syrup

Combine brown sugar, cinnamon, salt, ginger and clove in mixing bowl. Add eggs; beat slightly. Blend in evaporated milk, pumpkin and syrup. Pour into unbaked pastry shell. Bake in 425 degrees F. (hot) oven 15 minutes, reduce heat to 350 degrees F. (moderate) oven and continue baking until knife inserted in center comes out clean, about 1 hour. Note: Cooked and mashed fresh pumpkin or squash or frozen mashed squash may be substituted for canned pumpkin.

Pumpkin Pie

1 unbaked (9-inch) pastry shell with high fluted edge
¾ cup firmly packed brown sugar
1 teaspoon cinnamon

Pickle Is Elected By Texas Demos

AUSTIN, Tex. UPI — J. J. (Jake) Pickle today credited a unifying Democrat party of Texas for his sweeping victory over conservative Republican Jim Dobbs in a special congressional election in President Johnson's home district.

Pickle, a self styled moderate, swept all 10 counties in the district and polled 65 per cent of the total vote.

With only two rural boxes out, he led Dobbs 27,206 to 16,039.

Pickle replaces Homer Thornberry, D-Tex., who resigned effective Friday to become U. S. district judge at El Paso.

Thornberry succeeded Johnson when the President moved

up to the Senate in 1938. Dobbs carried only a few scattered boxes over the district. In others he met overwhelming defeat, such as Box 124 in Austin, which voted for Pickle 454 to 24.

West Berliners Receive Passes

BERLIN UPI — Communist officials came to West Berlin today with the presents the city has awaited for three Christmas seasons—passes permitting West Berliners to cross the Communist wall and visit relatives in East Berlin.

An estimated 800,000 West Berliners are eligible for the visits, which begin Thursday and last until Jan. 5. Only those with close relatives in the Soviet sector may go, and they may

spend only 17 hours, from 7 a. m. until midnight.

The visits will be the first permitted West Berliners since 12 days after the Communists built the wall on Aug. 13, 1961, splitting the city and many of its families.

East Berliners, sealed behind the wall and guarded against escape attempts, will get no chance to come to West Berlin under the visiting agreement. If they did, there would be no way for the Communists to make them come back.

Although the prospect of family reunions brought happiness to both sides of the wall, many West Berliners doubted the wisdom of dealing with the Communists, and West German newspapers warned that motives other than humanitarian were behind the Communist concessions.

Protest Staged

MOSCOW UPI — About 400 African students demonstrated in Red Square today to protest the death of a Ghanaian student under what they called "mysterious circumstances" a week ago.

A Ghana Embassy spokesman confirmed the demonstration was in progress.

The demonstration was the second such incident in a Communist nation in less than a year. Thousands of African students are studying in Communist schools, many of them with all expenses paid.

Johnson Signs Education Bill

WASHINGTON UPI — President Johnson today signed legislation designed to launch U. S. vocational education into the

new industrial age of automation.

The bill authorizes \$1.5 billion in new spending to expand aid to vocational schools with emphasis on training workers in new skills, increase student loan funds and continue federal help to schools crowded by children of federal workers or servicemen.

Johnson signed the education measure at the start of another busy day highlighted by a major conference with leaders of national farm organizations to discuss farm policy issues.

Invited to the White House discussion were officials of the National Grange, National Farmers Organization, Cooperative League of the United States and National Council of Farmer Cooperatives.

The President also set up a late afternoon meeting with Budget Director Kermit Gordon and Deputy Budget Director Elmer Staats to work on the budget. He will send to Congress next month.

The vocational school bill was

the second educational measure to go to Johnson in three days. On Monday he signed the \$1.2 billion college aid bill to help build classrooms, laboratories and libraries.

Bridge Expert Wears Right Pair Of Pants

By Alfred Sheinwold

The ordinary mortal sometimes wishes himself in somebody else's shoes, but this is not true of the bridge player. He wishes himself in somebody else's pants. Naturally I wouldn't say a thing like that if I couldn't prove it.

West opens the ten of clubs, declarer hopefully plays the jack from dummy, East covers with the queen, and South wins with the ace. If South stays in his own pants he will draw trumps and ruff a diamond or two in the

hope that something good will happen in both red suits.

As it turns out, nothing good happens. South eventually loses a club and one or two hearts.

If South is an expert he makes the contract by putting himself in his partner's pants and playing the hand as though he were sitting in those pants on the North chair.

RUFF DIAMONDS

If North were declarer, he would want to ruff his diamonds with South's trumps. The correct play is to take the first trick with the ace of clubs, cash the ace of diamonds, and lead a trump to the eight.

Now South ruffs a diamond with a top trump and leads the ten of spades to North's jack. This puts him in position to ruff another diamond. He leads a heart to the king and ruffs the last diamond with his last trump.

After finishing with all this ruffing, South leads a heart to the ace and draws the last trump with the nine of spades. Since the South hand is out of trumps by this time, the three of clubs goes off on the nine of spades.

Finally, declarer leads the deuce of hearts from the North hand. East can get one trick with the queen of hearts, but then

South makes two tricks with the jack of hearts and the king of clubs. Six spades, bid and made.

Incidentally, one word of caution. Change pants mentally rather than physically. Some partners might misunderstand.

DAILY QUESTION

Partner deals and bids one spade. The next player passes, and you hold: S-J 9 8 H-A K 2 D-Q 10 7 3 C-J 4 2. What do you say?

Answer: Bid two diamonds. The hand is not quite worth a jump to 2 NT unless you have already limited your hand by an original pass. You are too strong for 1 NT or for a raise to two spades. Bid a side suit, such as it is, and raise spades later to describe your hand.

**U. S. Business
Supports 4-H**

U. S. business firms contributed \$1.25 million in 1963 toward recognition and encouragement of the nation's 2,225,000 4-H Club members, the director of the National 4-H Service Committee has announced.

Norman C. Mindrum, director of the committee, said the record figure made possible awarding of college scholarships and fellowships valued at \$145,000. They were presented this year to 275 of the nation's most outstanding 4-H youths and to young adults who once were 4-H'ers.

The financial support also was used for more than 180,000 other awards to members of the nation's more than 94,000 local 4-H clubs. The clubs are in about 3,100 counties in all 50 states and Puerto Rico.

The national committee, headquartered in Chicago, utilizes the funds to assist the Cooperative Extension Service advance the 4-H program.

"Awards are an integral part of 4-H," Mindrum said, "and have been provided as incentives and recognition for young people since the early 1900s."

Help from 57 business firms now backing 4-H date back in some cases to the 1920s. The average tenure for all donors is 18 years.

The scholarships, nearly all for \$500 each, were awarded Dec. 1 to 5 during the 42nd National 4-H Club Congress in Chicago attended by more than 1,500 delegates. Their expense-paid trip considered both educational and cultural, were awarded by more than 30 of these firms.

Funds for programs ranging from bread baking to entomology are channeled through the 4-H committee, incorporated in 1923 when a handful of business firms provided \$3,400 to help the growing club program. In the last 10 years alone, the number of county medals awarded has increased from about 85,000 to nearly 180,000.

"Each donor has an interest in boys and girls, an appreciation of the need for youth development and a feeling that the organization can serve 4-H in a wholesome manner with limited self-gain," Mindrum said.

An Ohio farm editor recently praised the awards program, which he said made scholarships from 28 U. S. firms available in Marion County, his home community.

"We can ill afford not to appreciate this particular form of benevolence," Allan Bovey of the Marion Star wrote in his "On the Farm" column.

"... that they do (contribute) of their own free will and accord is one of the bright aspects of what we often consider the hard, unsentimental world of business."

Among the business firms supporting 4-H in 1963 are American Forest Products Industries, Inc.; American Oil Foundation; Atchison, Topeka and Santa Fe Railway System; California Chemical Company - Ortho Division; Cities Service Oil Co.; Chicago and North Western Railway Co.; Chicago, Burlington and Quincy Railroad Co.; The Conrad Hilton Hotel; Chicago Board of Trade; and Cudahy Packing Company.

Also Elgin National Watch Company; General Motors; Heisler & Nelson Farms, Inc. Home-lite, a Division of Textron Inc.; Humble Oil & Refining Company; Illinois Central Railroad; International Minerals & Chemical Corporation; Livestock Conservation, Inc.; Massey-Ferguson Inc.; Moorman Mfg. Co.; The Milwaukee Road; Olin Mathieson Chemical Corporation; Edward T. Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

Fireproofing Fabrics**FIREPROOFING** of clothing, bedding and draperies may soon be a life-saving process built into the actual fabric.

A flame retarder has been developed by the U. S. Department of Agriculture and the U. S. Quartermaster Corps. This new chemical process fireproofs cotton, wool, rayon, silk and combinations of these materials.

Fabrics are doused with the chemical agent and then put through a special drying process at extreme temperatures until "cured."

No Allergy
Treated in this manner, the fabrics have caused no toxic, allergic, irritating or respiratory problems when in contact with the body. The materials show no change in appearance or durability. In fact, besides being fire resistant, they also seem to resist shrinkage, mildew, rot, and even wrinkling, with this new treatment.

Repeated washing of the fabrics does not alter the effectiveness of the fireproofing. The preliminary studies with this remarkable "built-in-safety" in clothing offer new and great hope for extra protection against fire.

HOPE FOR BLEEDERS

Hemophiliacs (bleeders) have been helped by another of the lucky "accidents" that have benefited man throughout the history of medical discoveries.

Dr. Johann Erik Jorpes of Karolinska, Sweden, unexpectedly discovered a blood factor that was missing in the blood of congenital bleeders.

This anti-hemophilia factor (AHF) actually halted the severe hemorrhages that threatened the lives of the bleeders.

Safer Surgery
Important operations, delayed because of the possibility of abnormal bleeding, can now be more safely performed.

Dr. Jorpes and his colleagues were concentrating on a different though related aspect of the blood-clotting mechanism when the AHF factor in clotting was uncovered.

The discovery of AHF has opened vast new areas for the study of the entire blood-clotting mechanism.

For hemophiliacs there now is hope that their lives may be continued without the constant threat of uncontrolled hemorrhage.

FIGHT AGAINST STAPH

The staph (staphylococcus) germ has for the last two decades been building up its defenses against antibiotics. It has in devious ways taken on characteristics that identify it as being drug-resistant.

The staph has been a subtle yet constant threat in hospitals, operating rooms and clinics.

An all-out, no-holds-barred battle has been waged by scientists against the formidable staphylococcus that had refused until now to yield to modern medicine.

Potent new antibiotics are now available that significantly destroy the staphylococcus and offer vital protection against the ever-present danger of the complication of staph infections.

These columns are designed to relieve your fears about health through a better understanding of your mind and body. All the hopeful new advances in medicine reported here are known to doctors everywhere. Your individual medical problems should be handled by your own doctor. He knows you best.

Linton Will Go On Fast Time

LINTON UPI — This city will move clocks ahead one hour to "fast time" four days after Christmas in an effort to ease the problem of Greene County's divided time zones.

City Council approved the switch to year-round Eastern Standard Time Tuesday night after compiling results of a mail referendum.

Residents who received their

ballots with utility bills earlier this month favored "fast time" 1,097 to 701.

At present, Linton is on "slow" time while nearby communities observe "fast" time and areas west of here are on "slow" time.

The time change becomes effective at 2 a.m., Dec. 29.

Nab Ex-Convict In RR Station

SAN BERNARDINO, Calif.

UPI — An ex-convict was held by police today for carrying a pistol and 50 rounds of ammunition at a railroad station shortly before the arrival of former President and Mrs. Dwight D. Eisenhower.

There was no immediate information linking Purcell Joshua Jones, 47, with any attempt on Eisenhower's life Tuesday. Jones insisted he had no idea the Eisenhowers were arriving by train and was "just resting" in the railroad station rest room when a detective found him.

Indiana Mental Health Commissioner Stewart Ginsberg agreed that the village idea of treatment for epileptic patients which prevailed when the institution was founded is obsolete.

Railroad Strike Threat Ended

WASHINGTON UPI — A railroad labor dispute that threatened to disrupt train service over the Christmas holidays was averted early today when the Brotherhood of Sleeping Car Porters AFL-CIO and the carriers reached agreement on three major issues.

Labor Secretary W. Willard Wirtz announced that representatives of both sides reached agreement in the dispute which stretched back to 1961.

The porters' union had threatened to strike at 12:01 a.m. local time Friday against the Pullman Co. and three railroads which handle sleeping car service for themselves.

Mrs. Barnett Is Hostess To Sorority

Mrs. Janice Barnett was hostess to the Epsilon Psi Chapter of Epsilon Sigma Alpha Christmas party held December 10, at 7:30 p. m.

The setting was a perfect Christmas scene complete with a green and gold tree, a background of Christmas carols, good friends gathered together, and a jovial Santa.

Santa, the guest of honor, was none other than the Indiana State Sorority president, Barbara Batton.

There was a gift exchange among secret sisters. Also, each girl received a handmade red and white candy cane pot holder from member, Dixie Compton.

Refreshments were served from a table decorated with lovely Christmas candles. Favors were gold match boxes topped with Christmas ornaments.

Chapter president, Lana Beck, reminded members that Christmas was a time for sharing our good fortune and that donations for the Christmas project should be delivered to Wilma Pelfrey no later than December 15th.
